

Quality Products Since 1930

*Designed for Beauty*  
**BUILT TO LAST**

**THE TRAPP® SCREEN SAVER® REDUCES  
THE HASSLE OF COSTLY SCREEN REPAIRS**

## Protect Your Screen Door with the **SCREEN SAVER®**

### **Reduce costly screen repairs**

The TRAPP® ScreenSAVER® is a convenient push bar that invisibly protects your screen. It significantly reduces the hassle and expense of costly screen repairs. Instead of pushing against the screen — push against the TRAPP® ScreenSAVER® and prolong the life of your screen.

### **It's virtually invisible**

The TRAPP® ScreenSAVER® is built to last with the strength of quarter-inch tempered safety glass. Other push bars are made of unsightly raw aluminum. By comparison, the TRAPP® ScreenSAVER® is clear glass and virtually invisible, thus protecting your screen AND the beauty of your entrance.

### **Easy to install**

The TRAPP® ScreenSAVER® installs easily on any standard size storm door. All installation hardware is included. Ten minutes is all you need to protect your screen door from the ins-and-outs of your family's busy life.

### **The TRAPP® ScreenSAVER® Guarantee**

Your ScreenSAVER® is made from tempered safety glass and guaranteed to last — but if it breaks, we'll replace it absolutely free. Just send the two end brackets back to us and tell us the size of your door. We will then send you a new replacement piece of glass.
